

**NW Training Integration Study Team Minutes
11 January and 8 February 2001
Meetings held via Telephone Conference Calls**

11 January 2001

1. PSNS has all new actions areas in work.
2. IMF has completed welder workmanship, and has painters, sheet metal and ladders in work.

8 February 2001

1. IMF welder workmanship needs additional data
2. PSNS requested a typical exam for review (workmanship)
3. PSNS will send sub-worker information to IMF for review
4. IMF seeks to use PSNS vent flow and balance training
5. Paint, some differences, IMF and PSNS will review each others procedures and then discuss
6. Tag Out – IMF has new training which needs to be included
7. Electrical safety training is the same at both IMF and PSNS now
8. Ladders will be required to have RADCON training to work at IMF (J or R)
9. IMF will advise if J or R RADCON training is required for ladders
10. The next meeting will be held on 22 January 2001 at 0900 via telephone conference call.
